Polycoat

These are tough fiberglass tapes coated on top with thermoplastic resin to provide waterproofing properties. On the lower side, they come with a special adhesive for high bonding to surfaces

Features

- Extremely versatile and can be used on plastic, metal, glass and rubber
- Water and UV resistant
- High tensile strength
- Resistant to abrasion, impact, puncture and tears
- High adhesion to surfaces
- Have a shelf life of 18 months (from the date of manufacture) when stored under recommended storage conditions

Applications

- Good for bundling, sealing, patching & general repairs
- Used in areas where mechanical protection and puncture resistance is required
- Used to seal Cable Glands, Motor Terminal boxes, pillar boxes,
- Control Panel cable entryholes to prevent moisture and rodent entry

Availability

Polycoat tapes are available in the following sizes

- 25mm x 20 mtr
- 50mm x 20 mtr
- 75mm x 20 mtr
- 100mm x 20 mtr
